Uncle Montague's Tales of Terror

Pegasus Books Ever wondered who makes a very funny person laugh? Wonder no more. Brought together in this Library of America collection are America's fifty funniest writers—according to acclaimed writer and comedian Andy Borowitz. Reaching back to Mark Twain and forward to

contemporary masters such as David Sedaris, Nora Ephron, Roy Blount Jr., Ian Frazier, Bernie Mac, Wanda Sykes, and George Saunders, The 50 Funniest American Writers* is an exclusive Who's Who of the very best American comic writing. Here are Thurber and Perelman, Lenny Bruce and Bruce Jay Friedman, Garrison Keillor, Dave Barry, and Veronica Geng, plus hilarious lesser-known

pieces from The New Yorker, Esquire, The Atlantic, National Lampoon, and The Onion. Who does "one of the funniest people in America" (CBS Sunday Morning) read when he needs a laugh? *Fantastic Tales of Terror - All Stories - No Ads* Library of America For the 150th anniversary of the Emancipation Proclamation, here is a collection of writings that charts our

nation's long, heroic confrontation with its most poisonous evil. It's an inspiring moral and political struggle whose evolution parallels the story of America itself. To advance their cause, the opponents of slavery employed every available literary form: fiction and poetry, essay and autobiography, sermons, pamphlets, speeches, hymns, plays, even

children's literature. This is the first anthology to take the full measure of a body of writing that spans nearly two centuries and, exceptionally for its time, embraced writers black and white, male and female. Benjamin Franklin, Thomas Paine, Phillis Wheatley, and Olaudah Equiano offer original, even revolutionary, eighteenth century responses to slavery. With the nineteenth

century, an already diverse movement becomes even more varied: the impassioned rhetoric of Frederick Douglass and William Lloyd Garrison joins the fiction of Harriet Beecher Stowe, Louisa May Alcott, and William Wells Brown; memoirs of former slaves stand alongside protest poems by John Greenleaf Whittier, Henry Wadsworth Longfellow, and Lydia

Sigourney; anonymous editorials complement speeches by statesmen such as Charles Sumner and Abraham Lincoln. Features helpful notes, a chronology of the antislavery movement, and a 16-page color insert of illustrations. Tales of H. P. Lovecraft Sojourner Books From Lovecraft to Borges to Gaiman, a century of intrepid literary experimentation

on has created a corpus of dark and strange stories that transcend all known genre boundaries. Together these stories form The Weird, and its practitioners include some of the greatest names in twentieth and twenty-first century literature. Exotic and esoteric, The Weird plunges you into dark domains and brings you face to face with surreal monstrosities. You won't find any elves or wizards

here...but you will find the biggest, boldest, and downright most peculiar stories from the last hundred years bound together in the biggest Weird collection ever assembled. The Weird features 110 stories by an all-star cast, from literary legends to international bestsellers to Booker Prize winners: including William Gibson, George R. R. Martin, Stephen King, Angela Carter,

Kelly Link, Franz Kafka, China Miéville, Clive Barker, Haruki Murakami, M. R. James, Neil Gaiman, Mervyn Peake, and Michael Chabon. The *Weird* is the winner of the 2012 World Fantasy Award for Best Anthology. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. [The Devil in America](#) Library of America Be warned. Horror d'Oeuvres: Bite-Sized Tales of Terror is an exquisite array of easily digestible horror micro-fiction from today's freshest authors. Each tale is a demonic symphony that will peel away the layers of your mind and reduce your soul to a simmering nightmare within seven hundred words or less. These stories are not for the faint of heart or weak of constitution. Offering an abundant variety of deliciously dark and twisted treats, readers can expect to encounter depraved deities, unsettling realities, and creature features. Like the satisfaction of a good meal or the threat of impending doom, they'll stick with you long after you've tucked the book away. All proceeds of Horror d'Oeuvres will be donated to Scares That Care, a non-profit charity fighting the real monsters

of childhood illness, severe burns, and breast cancer by helping ease the financial burden on families facing these extraordinary hardships.

American Fantastic Tales Vol. 1 (LOA #196)

Anchor
The second volume of Peter Straub's pathbreaking two-volume anthology *American Fantastic Tales* picks up the story in 1940 and provides persuasive evidence that the decades

since then have seen an extraordinary flowering. While continuing to explore the classic themes of horror and fantasy, successive generations of writers—including Shirley Jackson, Ray Bradbury, Charles Beaumont, Stephen King, Steven Millhauser, and Thomas Ligotti—have opened up the field to new subjects, new styles, and daringly fresh expansions of the genre's emotional and philosophical

underpinnings. For many of these writers, the fantastic is simply the best available tool for describing the dislocations and newly hatched terrors of the modern era, from the nightmarish post-apocalyptic savagery of Harlan Ellison's "I Have No Mouth, and I Must Scream" to proliferating identities set deliriously adrift in Tim Powers' "Pat Moore." "At its core," writes editor Peter

Straub, “the fantastic is a way of seeing.” In place of gothic trappings, the post-war masters of the fantastic often substitute an air of apparent normality. The surfaces of American life—department store displays in John Collier’s “Evening Primrose,” tarpaper roofs seen from an elevated train in Fritz Leiber’s “Smoke Ghost,” the dilapidated movie theater in Tennessee Williams’ “The Mysteries of

the Joy Rio”—become invested with haunting presences. The sphere of family life is transformed, in Davis Grubb’s “Where the Woodbine Twineth” or Richard Matheson’s “Prey,” into an arena of eerie menace. Dramas of madness, malevolent temptation, and vampiristic appropriation play themselves out against the backdrop of modern urban life in John

Cheever’s “Torch Song” and Shirley Jackson’s unforgettable “The Daemon Lover.” Nearly half the stories collected in this volume were published in the last two decades, including work by Michael Chabon, M. Rickert, Brian Evenson, Kelly Link, and Benjamin Percy: writers for whom traditional genre boundaries have ceased to exist, and who have brought the fantastic into

the mainstream of contemporary writing. The forty-two stories in this second volume of American Fantastic Tales provide an irresistible journey into the phantasmagoric underside of the American imagination. In tales that combine the nineteenth-century gothic sensibility of Edgar Allan Poe with a uniquely daring internal vision, Lovecraft fuses the supernatural and mundane into a

terrifying, complex, and exquisitely realized vision, foretelling a psychically troubled century to come. Set in a meticulously described New England landscape, here are harrowing stories that explore the total collapse of sanity beneath the weight of chaotic events—stories of myth and madness that release monsters into our world. Lovecraft's universe is a frightening

shadow world where reality and nightmare intertwine, and redemption can come only from below.

[In the Midst of Life \(Tales of Soldiers and Civilians\) / Can Such Things Be? / The Devil's Dictionary / Bits of Autobiography / selected stories](#) Random House Books for Young

Readers In this complete and uniquely authoritative Library of America collection, Edgar Allan Poe's well-known tales of "mystery and imagination" and his best-known verse are collected with early poems, rarely published stories and humorous sketches, and the ecstatic prose poem *Eureka*. Poe's poetry is famous both for the musicality of "To Helen" and "The City in the Sea"

and for the hypnotic, incantatory rhythms of "The Raven" and "Ulalume." "The Fall of the House of Usher" and "The Cask of Amontillado" show his mastery of Gothic horror; "The Pit and the Pendulum" is a classic of terror and suspense. Poe invented the modern detective story in "The Murders in the Rue Morgue," and developed the form of science fiction that was to influence, among others,

Jules Verne and Thomas Pynchon. Poe was also adept at the humorous sketch of playful jeu d'esprit, such as "X-ing a Paragraph" or "Never Bet the Devil Your Head." All his stories reveal his high regard for technical proficiency and for what he called "rationation." Poe's fugitive early poems, stories rarely collected (such as "Bon-Bon," "King Pest," "Mystification," and "The Duc De

L'Omelette), his only attempt at drama, "Politian"—these and much more are included in this comprehensive collection, presented chronologically to show Poe's development toward Eureka: A Prose Poem, his culminating vision of an indeterminate universe, printed here for the first time as Poe revised it and intended it should stand. A special feature of this

volume is the care taken to select an authoritative text of each work. The printing and publishing history of every item has been investigated in order to choose a version that incorporates all of Poe's own revisions without reproducing the errors or changes introduced by later editors. Here, then, is one of America's and the world's most disturbing, powerful, and inventive

writers published in "the first truly dependable collection of Poe's poetry and tales."
